Introduction

Founded in 2021, MSMS Electrical & Engineering Pvt. Ltd. is a forward-thinking electrical engineering company headquartered in Hyderabad, Telangana. We specialize in designing, manufacturing, and commissioning world-class electrical control panels and electrification solutions for a wide range of industries — from manufacturing and pharmaceuticals to commercial buildings and infrastructure. Our mission is to deliver end-to-end electrical solutions with an unwavering focus on safety, performance, and reliability.

About Us

Established in 2021, MSMS Electrical & Engineering Pvt. Ltd. is a rising force in the field of electrical engineering solutions, based out of Hyderabad. Our company specializes in the design, manufacturing, and commissioning of electrical power distribution panels, including HT & LT panels, industrial electrification projects, and turnkey solutions.

With a strong focus on quality, innovation, and customer satisfaction, MSMS is driven by a passion to deliver safe and efficient electrical infrastructure that powers industries across sectors.

Our History

With over **30 years** of technical expertise in the electrical industry, our journey has been driven by a commitment to quality, innovation, and customer satisfaction.

In **1999**, we established **Perfect Electricals & Engineers**, focusing on electrical engineering solutions and technical services. Through our dedication to excellence and reliable service, we earned the trust of customers across various industries.

Building on this strong foundation, we established **Perfect Electricals & Sales Corporation** in **2014** to expand into the distribution of premium electrical and industrial products. Since then, we have become a trusted distributor of leading global brands, including **Siemens, L&T, Schneider Electric, ABB, and Legrand**, along with a comprehensive range of metal and steel sheet products.

Today, our combined expertise in engineering and distribution enables us to provide complete electrical and industrial solutions, making us a trusted partner for customers across diverse sectors.

Our Team

Adepu Manohar

Founder & Managing Director

As the **Founder & Managing Director** of **MSMS Electrical & Engineering Pvt. Ltd.**, I bring over **30+ years** of experience in the electrical engineering industry. I established the company with a vision to deliver dependable, **high-quality electrical engineering solutions** founded on the principles of integrity, innovation, and customer satisfaction.

Under my leadership, the company has earned a strong reputation for engineering excellence, quality workmanship, and reliable project execution. My extensive industry expertise and commitment to continuous improvement continue to drive the organization's growth while fostering long-term relationships with clients and partners.

As Executive Director, I lead the company's strategic growth, business development, project execution, and client relationships. I work closely with our team to deliver reliable, high-quality electrical engineering solutions while ensuring excellence in execution, innovation, and customer satisfaction.

With a strong engineering foundation and practical industry experience, I focus on bridging technical expertise with business leadership. I am committed to driving innovation, maintaining the highest standards of quality and safety, and building long-term partnerships through trust, transparency, and consistent performance.

Adepu Suraj

Executive Director

What We Do?

At **MSMS Electrical & Engineering Pvt. Ltd.**, we provide **end-to-end electrical engineering solutions** for industrial, commercial, and infrastructure projects. We specialize in the design, manufacturing, installation, testing, commissioning, and maintenance of **high-performance electrical control and power distribution systems** tailored to diverse industry requirements.

Our expertise includes the manufacturing of **HT & LT Panels, PCC Panels, MCC Panels, APFC Panels, PLC & Automation Panels, VFD Panels, DG Synchronization Panels, Bus Duct Systems, Control Desks, Fire Panels, Solar ACDB panels, Metering Panels**, and other customized electrical solutions designed for reliable and efficient power management.

Beyond manufacturing, we deliver **turnkey electrification services**, including electrical system design, **project execution**, commissioning, preventive maintenance, panel retrofitting, and modernization. Serving sectors such as healthcare, pharmaceuticals, manufacturing, IT & data centers, infrastructure, water treatment, commercial buildings, and residential developments, we are committed to delivering safe, innovative, and quality-driven solutions that power businesses with confidence.

Our Services

At MSMS Electrical & Engineering Pvt. Ltd., we provide comprehensive electrical engineering solutions tailored to meet the needs of industrial, commercial, and infrastructure projects.

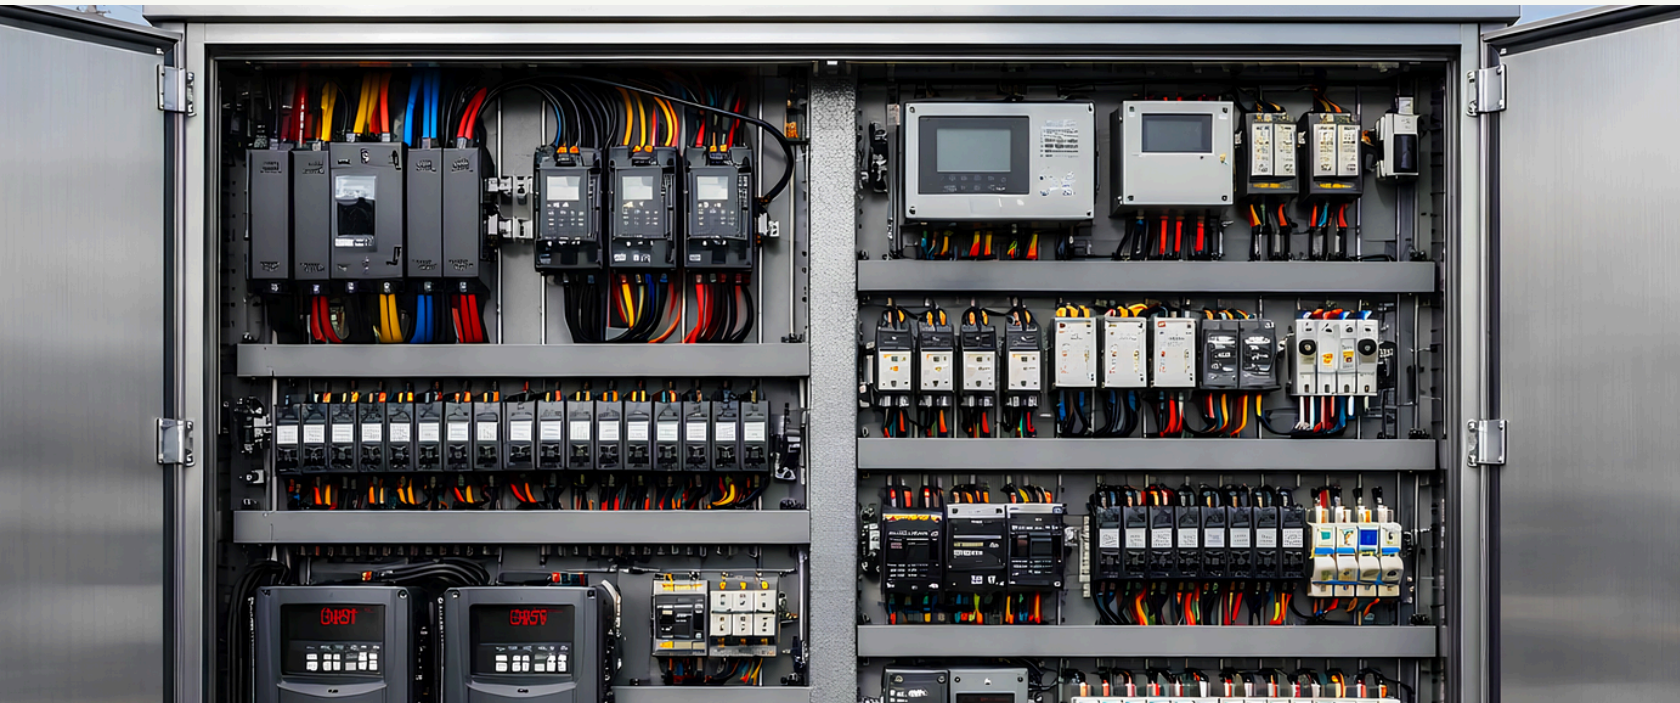

Our Core Services

- Design and Engineering of Electrical Power Distribution Systems
- Manufacturing of HT & LT Electrical Panels
- PCC, MCC, APFC, PLC, VFD & Automation Panels
- DG Synchronization and AMF Panels
- Bus Duct Systems and Control Desks
- Electrical Installation, Testing & Commissioning
- Panel Retrofitting, Upgradation & Modernization
- Preventive & Breakdown Maintenance Services
- Turnkey Electrical Project Execution
- Solar ACDB panels
- Electrical Consultancy and Technical Support
- Custom-Built Electrical Control Panels
- Annual Maintenance Contracts (AMC)

With a strong focus on quality, safety, and innovation, we deliver reliable and efficient electrical solutions that ensure optimum performance, operational continuity, and long-term value for our clients.

Quality Assurance

Our commitment to quality extends beyond our products. We focus on precision, timely delivery, and dependable service, ensuring every project reflects our dedication to excellence and builds lasting trust with our clients.

Excellence through Quality Assurance

Quality is the foundation of everything we do at MSMS Electrical & Engineering Pvt. Ltd. Every product is engineered, manufactured, and tested to ensure superior performance, safety, and reliability. Through stringent quality control, skilled craftsmanship, and a commitment to continuous improvement, we deliver solutions that consistently meet the highest standards and exceed customer expectations.

Our Clients

Our commitment to quality, reliability, and engineering excellence has earned the trust of leading companies in pharmaceuticals, healthcare, infrastructure, manufacturing, commercial, and industrial sectors.

Every project we undertake reflects our dedication to delivering safe, efficient, and innovative electrical solutions. The confidence our clients place in us continues to inspire us to exceed expectations and build long-term partnerships based on trust, performance, and excellence.
